

As a community organization and a communal space, we understand the vital importance of public health and protecting our visitors. The safety and health are of great concern to us and as such MAM staff have enacted the following changes to operations beginning Thursday, June 4, 2020:

Building capacity

- A maximum of 25 visitors will be allowed in the galleries at any given time.
- Staff are permitted to work from home when possible to reduce the number of people in the museum.
- Visitors are asked to follow one-way movement throughout the museum, specifically using the elevator to access the higher floors and the stairs to descend. This will increase the ability to maintain physical distancing.
- The library on the third floor is closed to the public.
- The lobby restroom is reserved for at-risk population use only.

Cleaning procedures

- CDC and EPA approved disinfectants and cleaning supplies will be used to clean the building, with frequent sanitation of high-touch areas (railings, door handles, restrooms, elevator buttons, etc).
- A comprehensive deep-clean of the entire building will be done daily after the museum is closed to the public.

Bookstore transactions

- The MAM bookstore is closed to in-person browsing at this time.
- Online sales will continue.
- No cash transactions will be accepted except for cash donations deposited into the donation box in the lobby.

Events and programs:

- Teen Open Studio and weekly summer camps will be held in-person, with a maximum of 9 attendees.
- Saturday Family Workshops are cancelled for the summer season.
- Lunch Club and Embodied Engagement will be held monthly with a maximum of 9 participants.
- Twice daily tours will be held at 10 AM and 3 PM, Tuesday through Friday. Reservations strongly encouraged.
- [Learn more about programs and applicable protocols here.](#)

Visitors to the museum are encouraged to wear face coverings, wash hands frequently, and remain 6 feet apart from other visitors with whom they are not familiar with. If you or your child are feeling sick or have a cough or fever, please do not visit MAM.

Given the changing nature of Montana's phased re-opening and the progression of the pandemic, this plan and related details are subject to change and will be revised as needed. If you have questions or concerns, please email info@missoulaartmuseum.org or call 406-728-0447 during opening hours (Tuesday-Saturday, 10 AM-5 PM).
